

Statement of Understanding

Use of Electronic Filing System for Campaign Finance Reports

The Collier County Supervisor of Elections provides an electronic filing system for Campaign Finance reports through its website. Candidates may use this system to file their campaign finance reports in lieu of filing a signed copy with the Supervisor of Elections.

In choosing to submit a report electronically using the Supervisor's Reporting System the Candidate and Treasurer are certifying to the correctness of the report and bear the responsibility for the veracity and accuracy of each report so submitted as per FS 106.07(5).

I have chosen to submit my campaign finance reports electronically to the Collier County Supervisor of Elections and agree that in doing so I am certifying to the correctness of the report when it is submitted.
