Information on Amendment 4 in Collier County

What is Amendment 4?

Amendment 4 appeared on the 2018 General Election Ballot and passed with 64.6 percent of the vote. This amendment restores the voting rights of Floridians with felony convictions after they have completed all terms of their sentence, including parole or probation. This amendment does not apply to people convicted of murder or sexual offenses, who would continue to be permanently barred from voting unless their rights have been individually restored.

If I am a felon, how do I know if my voting rights have been restored?

It is up to the individual to know whether they are eligible to complete a voter registration application, including whether they are now eligible to vote under Amendment 4.

Starting on January 8, 2019, certain convicted felons who have completed their sentences, including parole and probation, will have their voting rights automatically restored and will be eligible to register to vote (with the exception of those convicted of murder or sexual offenses).

You may search for your eligibility or apply for your Restoration of Civil Rights through the Florida Office of Executive Committee:

- Online: www.fcor.state.fl.us
- By email: ClemencyWeb@fcor.state.fl.us
- By phone: (800) 435-8286 or (850) 488-2952
- By fax: (850) 488-0695
- By mail: 4070 Esplanade Way
Tallahassee, FL 32399

If I was removed from the voter rolls due to a felony conviction will I automatically be registered to vote?

No. You must register to vote before you can participate in any election. In addition, if you were registered to vote prior to being convicted of a felony, you must re-register to vote now.

Registrations must be submitted at least 29 days prior to an election in order to be eligible to participate in that election.

How will the Supervisor of Elections office handle voter registration applications now?

The Collier County Supervisor of Elections office will accept and process voter registration applications as usual. It is up to the individual filling out the registration application to ensure the information being supplied, including restoration of voting rights, is accurate.
